PREFACE

We take pleasure in presenting this, our second Directory of Hendersonville.

The City Directory is more than a list of residents with their occupations and addresses. It is a complete, accurate guide to the city, its people, institutions, organizations, etc., and becomes a permanent history of the people.

The Post Office Department at Washington has instructed all Postmasters to turn over all letters and packages incorrectly addressed to the Directory Department in the Post Office and there the address given in the latest issue of the city directory is placed upon them.

The Directory is a semi-public institution in which all people are interested

First—Because there is a complete list of adult persons, the name, the business, the business location and the dwelling place, also the name of corporations and partnerships, giving name of corporate officials as well as members of firms.

Second—Because the classified portion of the Directory contains an alphabetical list of all articles made, bought or sold in Hendersonville. It is virtually a city catalog, for here you can find where to buy or sell most anything you want. It is like going to the market place, for everything is in view at a glance. It is the greatest buyer's guide in the world.

Third—Because the Miscellaneous Department tells much about the government of the city, county and state, as well as giving information regarding clubs, fraternal societies, etc.

The Directory is a useful and valuable utility, absolutely necessary to the commercial, professional, social, political, educational and religious progress of the day.

POPULATION

The Directory statistics are relied upon as being accurate and dependable; these generally exceed the federal census for the reason that the Directory publisher as a rule does not confine himself to the corporate lines of the city, but covers the adjacent territory. Suburban population generally figures in most directories as it does in the Hendersonville Directory. Population, Hendersonville, 6,721.

Thanking our patrons for their loyal support and co-operation, we are

Yours very truly,
COMMERCIAL SERVICE COMPANY,
ERNEST H. MULLER, Pres.

Hendersonville, N. C., Street Directory

GIVING NAMES OF HOUSEHOLDERS AND DENOTING
BUSINESS PLACES

Vol. III

THE PIEDMONT SERIES

1924-25

NOTE:—Streets numerically named are to be found after those arranged alphabetically. All house numbers are arranged numerically following the description and location of each street, giving the name of householder.

Purpose of star (*) in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use; errors often creep in.

Dash (—) before name denotes that number is wanting.
